

Fluency Practice Passage – Cats are Related

Teacher Instructions

WARM-UP WORD rough

DECODABLE PASSAGE

All cats are related. Tigers, lions, and the cats people have as pets all	14
have many things in common. They all have five toes on their front	27
feet and four toes on their back feet. They all eat meat. They also all have	43
whiskers. Cats scrape their claws on rough things to keep their claws sharp.	56
Big cats like lions and tigers might scrape their claws on a tree trunk.	70
Small cats who live in a house often have scratching posts.	81

Language Comprehension Extension
