DECODABLE PASSAGE

Ben had a big test at school today. He felt ready to do well.
But when he got to class, things went wrong. 23

First, Ben could not find his sharp pencil. He looked in his desk and bag.
No luck! He could only find his small, dull pencil. He felt upset. 51

"This is unfair!" Ben said. "How can I take the test with a nonworking pencil?" 66

His teacher, Miss Lee, saw that Ben looked sad. She came to help him. 80

"What's wrong, Ben?" she asked. 85

"I can't find my pencil," Ben said. "I think I misplaced it at home. Now I can't take the test!" 105

Miss Lee smiled. "Don't worry. You can use one of mine." She gave Ben a new, sharp pencil. 123

Ben was so glad. But then he looked at the test. He could not read it well!
The words looked all mixed up. 146

Ben said, "Miss Lee, I think there's a mistake on this test. The words don't look right." 163

Miss Lee came to look. "Oh my! You're right, Ben. The printer made a mistake.
Let me reprint the test for the class." 186

While they waited, Ben's friend Jay came to sit by him. 197

"I'm scared about this test," Jay said. "I didn't study much. I feel unprepared." 211

"Don't worry," Ben said. "We can review the math facts while we wait.
That might help you feel more ready." 231

Ben and Jay worked through some quick math facts. Soon Jay felt more sure of himself. 247

When Miss Lee came back with the new test, both boys felt ready. They took the test
and did their best work. 269

At the end of the day, Miss Lee gave back the tests. Ben got a good grade! Jay did well too. 290

"Thanks for your help," Jay said to Ben. "You helped me review when I felt lost." 306

Ben grinned and said, "That's what friends do. We help each other out!" 319
